CLUB NOTES

For the past several months a dozen or so members who dine downtown, and many of us who don't but come down specially, have dinner together at the Triangle Cafe at Clark and Monroe.

The meals are fine and you'll get in an extra hour of gossipping, so why not join us? Time 6 P. M.

* * *

The secretary received a letter from our member down in Texas, B. Max Mehl, offering to donate items for the Club's amusement and profit at our meetings. Thanks, Max. We will be looking forward to hearing from you.

* * *

The new membership list is ready and will probably be distributed at the next meeting. It shows the grand total of 133 members.

* * *

Attention! District Secretary of Illinois Kopicki, a rough count shows 40 to 50 members who are not affiliated with the A. N. A.

* * *

Entertainment Chairman Skeen has a fine paper for the November meeting. Subject: "Illinois Sales Tax Tokens".

We will possibly have some out-of-town visitors and members at our November meeting as the Annual Hobby Show will be in progress at the Sherman Hotel.

* * *

William A. Masters of Chicago passed away last month in Dayton, due injuries received from an auto accident. While not a member of the Club he was an occasional visitor and well known by many of our members.

Mr. Masters was 79 years old and had spent most of his adult life as a coin collector.

* * *

The annual election of officers is drawing near. Is your hat in the ring, Henri?

* * *

The exact official attendance at our last meeeting was not checked, but approximately 90 were present, there being 65 present for dinner and about 25 others came up for the exhibit and auction sale.

* * *

How about twenty-five exhibitors at the November meeting? You dont have to bring a complete collection, a few pieces will do.

* * *

The subject of exhibits brings up the old question of Club owned exhibit cases.

Fortunately the glass-topped tables of the Atlantic Hotel solved our problem this year. How about the next time? Will the Hotel tables be available? The Hotel has fifteen of these tables, suppose twenty-five members want to exhibit.

Mr. Kopicki has generously donated our one and only exhibit case, and I understand he is building another.

We could start an "Exhibit Case Fund" by means of special auction sales, drawings and fines for not wearing your badge.

200th Meeting, Cents and Non-Cents . . .

It has been suggested that our president be given a refund on his dinner ticket, but on second thought Henri must have drunk $1.25 worth of coffee.

* * *

The winners of the Drawing were not present. However, the lucky ones received their prizes by mail.

* * *

The Atlantic Hotel, in addition to laying out a fine dinner, gave the committee wonderful co-operation. The East Room, card tables and the glass top tables for our exhibit were furnished without cost.

* * *

Earl Barger's idea to use glass top tables for our exhibit certainly worked out fine.

* * *

The auction sale definitely proved that fair prices can be realized at a Club sale.

* * *

The expression "Hot-dog" was used only once during dinner by Alden Boyer.

* * *

Mr. W. E. Warren, the committee member who made all the hotel arrangements, was not present due to the death of his mother. The club extends their deepest sympathies to him.

* * *

Dick Rosholm was called out of town on business so the Club's collection was not on display.

* * *

In reviewing the history of the Club, Ed Davis stated that he had been an officer every year but one. It is the writer's humble opinion that he should be tendered a testimonial dinner in recognition of long and faithful service.

Merril Sheldon had his hands full acting as treasurer and also clerking the auction sale.

* * *

Prof. Wassman showed us how to make a coin multiply itself—why didn't some one let him work on a Hudson half dollar?

* * *

The 200th Meeting will probably show a small profit to the treasury. Even if it doesn't the Club is richer by five decks of playing cards, five sets of Bunco Dice and a general good time for those who attended.

* * *

Why didn't some one think to have a photograph taken of the banquet group.

* * *

Joe, we missed you.

* * *

Charles Markus, one of our members in Davenport, Iowa, gave the Club a pleasant surprise by attending.

He not only attended but took a very active part in the affair by exhibiting his famous $50 Slugs and his painted 10c Meredith Fractional Currency Bills.

Mr. Markus gave an inspiring after dinner talk urging the young collectors to carry on.

* * *

We know the visiting ladies were thrilled to see the Society Perfumer.

* * *

Harry Boosel's movies of the Pittsburgh Convention and the Century of Progress furnished a most pleasant half hour of entertainment. Thanks Harry, for your splendid co-operation.

* * *

Ragnar Cederlund displayed his Pittsburgh Convention Exhibit.

* * *

As Winchell would say, an orchid to you William Evans and Thomas Shrugue for your fine work.

Those Fightin' Redheads

A coin collector was the father of a small family which he was rarely able to see because he was away from home so much. One night, however, he was to stay home and take care of several of his offspring while his wife was absent. The next morning his wife asked him if he met with any difficulty. "Oh" he said, "I got them all to bed OK except that little red-headed one. I had to lick her before she'd go."

"Why James," his wife exclaimed, "that isn't our child; she lives across the street."

* * *

Unfair Competition

Abe was at a dance and lost a wallet containing $700. He got up on a chair and announced: "Gentlemen, I lost my pocketbook with $700 in it. To the man who finds it, I will give $50."

Voice from the rear: "I'll give $75."

NOTE

As chairman of the Committee on Arrangements for the 200th Meeting I again wish to express my thanks and congratulations both to the members of the Committee and to the Club for the splendid spirit of co-operation that prevails in our organization. It enables a chairman or a Committee to plan and put-over an affair without the usual headaches and worries generally connected with the job.

This folder has been issued (without official sanction) as a post-mortem of our 200th Meeting and done so with the thought and purpose of contributing to the betterment and general interest of our splendid organization.

The expression of opinions and the comments made herein are purely those of the writer and may or may not reflect the opinion of the membership at large. So I take all the blame.

Numismatically yours,
Lee F. Hewitt

PAY YOUR DUES

The income of the Chicago Coin Club comes from the dues of its members, except for small amounts derived from auction sales or from donations. If you want your Club to function efficiently, do not fail to pay your dues.

The treasurer's report shows that for the past two years our expenditures have exceeded our income. This cannot continue indefinitely. Our cash on hand will soon be used up. Our dues are low, as compared with those of many other clubs. Help us balance our budget this year by sending the treasurer your dues.

COMMITTEE CHAIRMEN

Will you please give the names of the members of your Committees to the Editor so that they may be listed in the next issue. To avoid errors in listing, please put it in writing.

Chicago Coin Club BULLETIN

Volume 1. JULY 1936 No. 2

Henri Ripstra Candidate For A. N. A. Presidency

Members of the American Numismatic Association in the Chicago district strenuously object to any change being made in the Constitution such as recommended by T. James Clarke, President, and Henry Hunt, Chairman of the Board of Governors. The change as wanted by these two officers would tend to place the control of the Association in one person.

The present Constitution has carried the organization these many years in a most satisfactory manner. We believe there is no need for any change in the Constitution at this time—thusly, the name of J. Henri Ripstra, President of the Chicago Coin Club was placed in nomination for President of the A. N. A. by the Chicago regional members of the Association to run for the office of President on a platform pledged to nullify the efforts now being made to alter the Association's Constitution which would virtually invest the President with dictatorial authority. He has agreed to accept the nomination for the Presidency pledged to sustain the present status of the Board of Governors and other elective officers.

To place your support with Mr. Ripstra, who has served two terms as a member of the Board of Governors, merits serious consideration. The pledge to sustain a successful association in status quo in turbulent times is perhaps singular. The Chicago A. N. A. members are desirous of having a capable, active and conservative President as leader for the American Numismatic Association, these requirements seem to be met in our nominee—J. Henri Ripstra.

To further point-out why opposition is consented to and explain our support of a nominee who opposes the proposed constitutional changes we quote in part from a letter written to some members by Mr. T. James Clarke (the present President of the American Numismatic Association):

"This could be done by making certain changes in our Constitution and By-Laws whereby the members assembled at any convention, would elect a President, Vice-President and five members which would constitute an Executive Board of seven members, and which Board would be the governing body for the A. N. A. and the Numismatist.

This Board or Committee, could then nominate and elect the Treasurer and General Secretary, and the Editor and Business Manager of the Numismatist, **or better still, to authorize the President to appoint the Treasurer and General Secretary, and Editor and Business Manager of the Numismatist.**"

MEETING NOTICE

The 209th Meeting will be held

July 1st 1936 at 8 P.M.

at the Atlantic Hotel, 316 South Clark Street

JUNE AUCTION A SUCCESS

The auction held at the June meeting by the Bulletin Committee was a great success. The 120 lots brought $156.75 and put a clear $9.00 in the coffers of the committee.

A few lots were knocked down at low figures but the sale as a whole realized good prices throughout and compared favorably with any retail market.

The next auction night will be held at the September meeting. You are urged to get your material in early. Lots may be left with Mr. Josephson or sent direct to Mr. Sheldon. An itemized invoice is requested with each consignment. 15% commission is charged for these quarterly printed auctions. All lots are protected by a minimum figure and aren't sold until a bid higher than minimum is received. No commission is charged for withdrawn lots.

Profits accrued from these auctions go to the Bulletin Fund to pay for its publication. The Committee now has a working balance and hopes to turn a substantial sum into the Club's treasury at the end of the year.

Due to the great amount of bookkeeping time envolved—in the future consignees will be mailed money orders for the lots sold for their account.

The commission charge for the regular meeting auctions is 10%.

The Bulletin offers a very economical method of letting your collecting wants known.

CENTS AND NON-CENTS

This one is old but still good—Evans is reported to have asked Thacker if he could see any change in him. Of course the customary No followed. Then Evans said, "Well you should I just swallowed a dime."

Last week's papers carried the story of a counterfeiter being arrested after a two year search by Capt. Callahan of the Secret Service. It does seem a shame that this hard-working counterfeiter wasted all that time making ordinary half dollars when Grant with a star is quoted at $70.00.

Our worthy President, among his many other accomplishments, can top off a double chocolate soda with a banana split. (At Sheldon's expense)

SEPTEMBER MEETING

The September meeeting will be a red-letter day. In addition to the Auction Night we will have the reports from those who attend the A.N.A. Convention at Minneapolis.

Harry Boosel expects to be present and if so he will show the movies of the Convention. Harry's convention movies have been a fall meeting feature for the past three years. We do hope he will be present, not only for his movies, but to extend to him the Club's sincere thanks for his efforts to keep us posted on the new commemorative coin bills.

Last but not least we hope to be able to celebrate Herni's election as President of the A.N.A.

QUARTER DOLLAR DIES
By Chester Jobst

When you made that purchase today, no doubt you received a quarter dollar in your change and never gave it a thought. Oh! yes, I know some of us watch every quarter that goes thru our hands—hoping—but the average fellow just pockets his change. No one will know how many hands that quarter has passed thru—just how far it has traveled—just how it may have been cherished and, just how someone may have tried to preserve it in its orignal beauty. Also few of us realize the cost of that little quarter. They may not cost as much as the small denomination, such as, dimes, nickels, and cents. But their transportation, the cost of the machinery to produce them, and the labor necessary to get them out of the mints and on their way to your pockets, makes Uncle Sam dig.

Let's look at just one link in that chain of cost—Dies.

The master dies cost the government about $250.00 and subsequent ones cost them about $25.00 a pair for our quarter dollars. That does not seem like a great expense but the following tabulation of the dies used at the various mints may enlighten.

In the year 1877 a total of 471 dies were used to strike 23,897,710 pieces. The Philadelphia mint used 199, the San Francisco 136, and the mint at Carson City 136.

In 1932 a total of 6,248,800 pieces were struck, the dies used were divided as follows:
Philadelphia Obv. 100, Rev. 90. San Francisco Obv. 25, Rev. 25. Denver Obv. 25, Rev. 25. Total of 150 Obverse and 140 Reverse dies.

The coinage of 1934 totaled 35,439,-252. The Philadelphia mint used 380 Obverse dies and 404 Reverse. The Denver mint used 80 Obverse and 67 Reverse. Total Obverse dies 460 and 471 Reverses.

The year 1935 presents some rather interesting figures inasmuch as eight million more pieces were struck than in the previous year with fewer dies. The Philadelphia mint used 290 Obverse and 316 Reverse dies. The San Francisco branch used 65 of each. Denver used 80 Obv. and 85 Rev. The total being 435 Obverse and 456 Reverse.

In other words the cost of producing those little quarters in your pockets is pretty high, 1877 about $6,000.00; 1932 about $3,900.00; 1934 about $12,000.00; and 1935 about $11,000.00. These costs are approximate because actual expense to the government in making dies is not known.

When you get your change tomorrow, the quarter may mean a little more to you, so treat it kindly as some of us may be looking for the very one you have.

BY-LAW AMENDMENT ADOPTED

The proposed By-Law Amendment to Article V, Section 1, as published in the March issue was adopted without alteration.

In accordance with this revision a Nominating Committee of five members will be elected at the November meeting. Any two members may file the name of a nominee or nominees for this committee between now and the opening of the November meeting. It's not to early to give this matter serious thought.

We might add that most of the Club's officers will not be eligible for re-election in 1937. The new set-up probibits officers from serving more than two consecutive terms. All of our officers fall under this ruling with the exception of Vice-President, Mrs. Alden Boyer.

While on the subject of By-Laws—shouldn't Section 4 of Article V be revised to conform with Section 1 of the same Article?

THE BRIDGEPORT ISSUE

The Bridgeport Centennial Coin will be ready September 1st and will be distributed by Charles H. Hurleman, First National Bank & Trust Co., Bridgeport, Conn. Price is $2.00 and not more than 5 to a person.

THE LYNCHBURG ISSUE

The Lynchburg Sesqui-Centennial Association writes the following letter under the date of June 12th:

"The enclosed order-form outlines something of our Commemorative half dollars. We do not yet have a cut or any additional information other than is outlined herein. These forms came off the press yesterday. We will appreciate publicity in your Bulletin."

The order form states that 20,000 will be issued from one mint. The price is 1.00 each plus 25c for each order. Orders are limited to 10 coins. The coins will be ready about September 15th. Address the Lynchburg Sesqui-Centennial Ass'n, P.O. Box 731.

TO BE LOVELY TO LOOK AT

Mr. Melish writes that the Cleveland issue is going fast and if collectors desire this piece they must act NOW! The price is $1.50.

He further states that Miss Brenda Putnam of New York made the design. Mint authorities believe it will be an unusually beautiful piece, possibly the most beautiful issue.

The obverse side shows a bust of Moses Cleaveland (who spelled his name Cleaveland) and founded the City of Cleveland 100 years ago. The reverse side is an airplane view of the Great Lakes with Compass, and Stars indicating the cities. One end of the Compass points to Cleveland and the other end encircles the Great Lakes region.

Mr. Melish also sent a wholesale order blank for use of our Club.

A SUGGESTION

Why not invite our nearest neighbor Coin Club to join us in a joint meeting? Altho a new organization, the boys in Milwaukee are up and coming and their membership has grown by leaps and bounds.

Our member, M. H. Bolender, of Orangeville has left for an extended tour of Europe. He plans to return in September.

CINCINNATI OVER-SUBSCRIBED

A letter from the Cincinnati Committee states that the issue is already over-subscribed.

Dr. Skeen supplies the information that the address of the Wm. Henry Harrison Committee is Vincennes, Indiana.

Merril Sheldon now owns a copy of Beistle's. Let's all borrow it.

Chicago Coin Club BULLETIN

Volume 1. OCTOBER 1936 No. 3

VISITORS

A number of collectors stopped in Chicago enroute home from the convention. Mr. and Mrs. Mehl spent a week here—Max attended our September meeting. As we go to press word was received that Mr. Mehl is confined to the hospital for a minor operation.

Mr. and Mrs. T. James Clarke of Jamestown, New York spent a day in the city as guests of the Ripstra's.

Mr. and Mrs. Farran Zerbe and Mr. George Blake visited the Boyer's.

Mr. Ginther stopped in-between trains enroute to his home in New Holland, Illinois long enough to visit the dealers.

Our Washington correspondent, Mr. Harry Boosel topped off his vacation trip to the convention with a visit here with the home folks. He was not able to get the convention movies developed in time for our September meeting, however, he has expressed the willingness to send the film here; if the club cares to rent a projector.

Chicago Members Attend Convention

Illinois had the largest out-of-state delegation at the Minneapolis convention. Members of our club who attended included: J. Henri Ripstra, Earl F. Barger, Lee F. Hewitt, Philip Stevens, Ragnar Cederlund, Harry T. Wilson, Eldon Keefer and Wm. F. Dunham. In addition the following non-resident members of the Chicago Coin Club were registered: Mr. and Mrs. Nelson T. Thorson of Omaha, Charles Markus and George Klindt of Davenport, Harry Boosel of Washington, George Blake of Jersey City and B. Max Mehl of Fort Worth.

William Rayson had his bag packed for the trip but was unable to attend due to last minute business.

Miss Agnella McEvilly was robbed of her purse by a purse snatcher. He not only took her money, but also her convention trip.

Ill health prevented Charles Green from attending. Was Mrs. Green disappointed? Just ask her.

CLUB NOTES

Mr. William Evans, "the sage of LaSalle Street," upon the return from his second numismatic expedition into Pennsylvania, pronounced it a complete and total failure. He said, "the people where I went didn't seem to know what it was about."

Bill may very well console himself with the fruits of his first trip, in the early part of the summer, when—as most of you know—he bought Grant half dollars WITH THE STAR from country banks at face.

October Meeting is Auction Night

Harry Wilson is the proud owner of a new Packard. He stated that it is a fine car but runs to fast.

Secretary Davis missed the last meeting (the second since the club was organized). Mrs. Davis acted as secretary in his absence.

Charley Green's new book, "Mint Record and Type Table of U.S. Coins" is almost finished. He may possibly have copies at the coming meeting. Judging from advance proofs, it appears to be just about the last word in a collector's check list.

TO REDUCE AUCTION FEES

In effort to attract more material for the Quarterly Auctions; a reduction in the commission fee is being contemplated by the auction managers. It is believed that a reduction in the commission charge will attract enough additional sellers to offset the fee cut. The new rates will be announced at the next meeting.

For a successful Auction Night at least 125 lots are necessary. Your co-operation is needed; both as a buyer and seller—remember, the Bulletin is made possible by these auctions.

AN OVERSIGHT

The sponsors of the recent amendments to our By-laws overlooked including a Grievance Committee in the list of Standing Committees. Should we continue to have such a Committee to investigate grievances or should it rest with the Governing Board?

It is the opinion of the writer, as one of the sponsors of the amendments, that such a committee should be maintained to fully investigate all charges, and lay the facts before the Governing Board for its action.

With this issue, the Chicago Coin Club Bulletin closes its first year of publication. The only provision made for its financing was to allow the Committee what ever commissions could be obtained from Auctions. This plan has been successful to the extent of a small year-end profit.

Mr. I. T. Kopicki and Miss Pearl Zarzycki were married on Thanksgiving Day. Congratulations!
